

CAD AUDIO - B10-200CX datasheet

CAD AUDIO - B10-200CX	TECHNICAL DATA CAD B10-200CX		
<p>10"/250mm high power coax unit designed for pro applications in PA and music instrument applications.</p> <p>250/500W power handling, 50mm voice coil, rugged no nonsense design are among the features</p> <p>Will work well in bass reflex enclosures 45- 70 liters</p> <p>Recommended driver is CAD D25-60 38mm, with this freq resonse is 60Hz-20 kHz</p>	Type	10" / 250mm coax driver unit	
	Nominal diameter	250mm	
	Nominal impedance	8 ohms	
	Power handling RMS	250W	
	Power handling AES	500W	
	Frequency range	60Hz - 4 kHz	
	Frequency range w D25-60 driver	60Hz - 20 kHz	
	Sensitivity 1W 1m	96 dB	
		Voice coil diameter	2" / 50mm
		Resonant frequency	47 Hz
Total Q (Qts)		0.41	
VAS		63 ltr	
Max linear excursion		3,5mm	
	Baffle cutout diameter	230mm	
	Depth (without driver)	102mm	
	Net weight	3,3 kg
